

Solar shading system – DUCO Ventilation & Sun Control

DucoSun 95C Verticaal

Description

DucoSun 95C is an architectural component system with fixed "C" louvres. Thanks to the patented DUCO "Slide-Click" system, the louvre blades are secured quickly and easily in a fixed

Version

- Shape of blade 95C
- Blade height 71 mm
- Blade depth 71 mm
- Blade angle 45°
- Pitch 122,5 mm
- Blade length Maximum 6000 mm
- Installation depth

Mullion	Installation depth
50/12	91 mm
21/50 Multi	129 mm
30/50	129 mm
50/50	129 mm
42/62	141 mm
42/72	150 mm
50/125	204 mm

Material and surface treatment

Blades and mullions

- Aluminium EN AW-6063 T66 (EN 573-3)
 Profile thickness: min. 1,3 mm
- Finish
 - Natural anodised (15-20 µm) according to Qualanod
 - Polyester powder coated (60-80 µm) according to Qualicoat Seaside type A (specific RAL codes or textured paint on request)

Clips

- Plastic Polyamide PA 6.6 – glass fibre reinforced
